1telecom agrees to provide Customer with services for development of a Web site on the World Wide Web portion of the Internet (the "Web Site") as described in Schedule A hereto (the "Services") and to provide Customer with additional services, if any, as requested by the Customer and mutually agreed upon in writing by the Parties (the "Additional Services"). The obligations of 1telecom, if any, to provide ongoing maintenance tasks for the Web Site shall be set forth and included as part of Additional Services on Schedule A. The Web Site Services and the Additional Services are referred to collectively as the "Services". Customer agrees that 1telecom is responsible only for providing the Services, and 1telecom is not responsible for providing any services or performing any tasks not specifically set forth in Schedule A or as agreed between the parties.

Web Site Development and Transfer

1 Specifications and Customer Content

1telecom, in consultation with Customer, shall prepare detailed written specifications for the Web Site (the "Specifications"). The Specifications shall consist of, among other things, a design for the Web Site, a flow-chart of the page/s for the Web Site, programming and interactive feature requirements, and the placement of any content or other materials which are to be incorporated into the Web Site.

If the Parties are unable to agree in writing to mutually acceptable Specifications, after using good faith efforts, on or 10 days after the Commencement Date, either party may terminate this Agreement by providing written notice to the other party. Such termination shall not relieve Customer from the obligation of paying 1telecom for all fees due and owing to 1telecom as of the date of such termination.

2 Delivery of Customer Content

"Customer Content" shall mean any materials provided by Customer for incorporation in the Web Site, including, but not limited to, any images, photographs, illustrations, graphics, audio clips, video clips or text. Customer shall deliver the Customer Content to 1telecom in an electronic file format specified and accessible by 1telecom (e.g., txt, gif) or as otherwise specified in the Specifications. Any services required to convert or input Customer Content not set forth in the Specifications shall be charged as Additional Services. Customer shall promptly deliver all Customer Content to 1telecom as required by 1telecom.

3 Initial Version

Upon Specifications being mutually agreed, and upon 1telecom's receipt of the Customer Content and any fees called for in Schedule A hereto, 1telecom shall commence tasks associated with the development of the initial version of the Web Site ("Initial Version") and notify the Customer of the URL (Uniform Resource Locator) or other address of the Initial Version. 1telecom shall use combinations of technology as 1telecom, in consultation with the Customer, deems appropriate to develop the Web Site.

4 Revisions

Customer shall have 5 business days, or such time as otherwise agreed by the Parties in writing, from the date of a written notice of completion of the Initial Version from 1telecom to review and request in writing from 1telecom revisions to the Initial Version. Upon receipt of such requests, 1telecom shall use commercially reasonable efforts to implement such revision requests that are within the scope of, and consistent with, the Specifications. If Customer wishes to implement any revisions to the Web Site that deviate in any material respect from the Specifications, Customer shall submit to 1telecom a written change order containing (i) such revisions in detail and (ii) a request for a price quote for each change (collectively, the "Change Order"). 1telecom shall promptly evaluate the Change Order and submit to Customer for its written acceptance a proposal for undertaking the applicable tasks and a price quote reflecting all associated fees associated with Customer's Change Order.

Customer shall have 5 business days from receipt of such proposal to accept or reject 1telecom's proposal in writing. If Customer accepts 1telecom's proposal to undertake the work necessitated by the Change Order, then the Change Order, as supplemented and/or modified by 1telecom's proposal, shall amend, and become a part of the Specifications and Schedule A hereto (Fee and Payment Schedule), and 1telecom shall proceed to implement such revisions in accordance with the Specifications as so modified. If (i) Customer has not made any requests for revisions by the end of 5 business days from the date of written notice of completion of the Initial Version from 1telecom, or by such time as otherwise agreed by the Parties in writing, or (ii) upon completion of implementation of such requests which were mutually agreed upon by the Parties under the revised Specifications, the Web Site shall be deemed accepted by Customer ("Acceptance").

5 Transfer

Upon Acceptance of the Web Site and payment of all fees called for in Schedule A hereto, 1telecom shall transfer the Web Site to the computer system owned and operated by Customer and/or its designated third-party contractor, through which the Web Site may be accessed via the World Wide Web portion of the Internet (the "Host Server").

6 Work Order Forms

Subsequent to the execution of this Agreement by the Parties, in the event 1telecom and Customer agree that 1telecom is to perform additional tasks not in the original scope of Services hereunder, then the Parties shall execute a work order form (each an "Order Form") upon which each such order form shall be incorporated into and shall become a part of this Agreement and shall be subject to the terms and conditions hereof.
